

My Ceramics

Welcome to "My Ceramics"

We are a Greek company specializing in the production of handmade and high-quality dining items such as plates, serving dishes, coffee cups, etc.

Our products are exclusively manufactured by us at our Production Unit located in the Metamorfosi area of Attica.

The materials we use are Stoneware clays and glazes imported from Germany and Italy, accompanied by their respective certifications for suitability.

Furthermore, our final products have their own corresponding certifications, making them suitable for dishwashers, microwave ovens, and for use in a conventional electric oven.

PASTEL

A minimalist still life composition featuring a light-colored, textured ceramic vessel, possibly a vase or a large mug, resting on a white, draped fabric surface. The vessel has a subtle, dark, sans-serif inscription that reads "my Ceramics". To the left of the vessel, a piece of light-colored, porous cork is visible. In the foreground, a piece of weathered, light brown driftwood is partially visible. The background is a soft, out-of-focus white fabric, creating a clean and serene atmosphere.
